

### Application to the Nursing Program Required Documents for Upload

Before you start working on this application, we advise you to have the below documents ready for upload during the application process. Documents for upload can be in one of the following formats: PDF, JPEG, PNG, Word Doc, TIFF.

1. Official or unofficial transcripts for pre-requisite science courses and other prior course work. Required science courses are:
  - a. BIOL 2401 - Anatomy and Physiology I – Required for all three programs of study ABC.
  - b. BIOL 2402 - Anatomy and Physiology II – Required for the AAS and Fast Track AAS.
  - c. BIOL 2420/2421 - Microbiology (Lecture and Lab) – Required for all programs of study.
  - d. PSYC 2301 - Psychology - Required for the VN program of study. CELP pass result is acceptable and will be equivalent to a letter grade of “C”.

Prior to the application to the nursing program, potential applicants must submit their official transcripts from previously attended colleges and/or universities to TCC for evaluation. Please see [Transfer of Credit](#) requirements on the TCC website. If the degree audit is not ready by the application deadline, the applicant may submit a Transfer Equivalency Report, that can be obtained from the applicant’s Healthcare Professions Advisor.

2. TCC audited transcripts from
3. HESI A2 Results Form
